(FSME-09-090, October, Training, FY 2010)

October 1, 2009

ALL AGREEMENT STATES, MICHIGAN

TRAINING COURSE LIST FOR FISCAL YEAR 2010 (FSME-09-090)

PURPOSE: The U.S. Nuclear Regulatory Commission (NRC) staff has updated the list of courses for Fiscal Year 2010 that directly relate to the Agreement State programs (Enclosure 1).

BACKGROUND: The NRC will be funding Agreement State staff training and associated travel to attend the current courses offered through the NRC training program for materials licensing and inspection staff. We believe the restoration of this funding will enhance your program and foster national consistency in the implementation of the materials licensing and inspection programs nationwide. The States may still need to provide certain training to their staff not covered by NRC's current training program (5-week health physics, radiological emergency response, x-ray courses, mammography, etc.).

DISCUSSION: We have also enclosed the standard application form (Enclosure 2). Please complete the application form for each person attending a course and submit it to the Office of Federal and State Materials and Environmental Management Programs, Division of Materials Safety and State Agreements - ATTN: Brenda Usilton. Applications may be submitted at any time; however, applications should be received by FSME/MSSA a minimum of eight (8) weeks prior to the beginning of the course. At that time, if you have more than one application from your State for a particular course, you will need to prioritize each person. It is not guaranteed that all students from one State will get into any one given course. The process for selecting the individual for training are based on SA-600 "Training Criteria for Agreement State Personnel." Prioritization is based on a number of factors such as including becoming an Agreement State, IMPEP Heightened oversight for staffing and training, other hardship approved by FSME management in advance of submittal of application, etc. We do want to make sure we equitably distribute the slots so all States have a chance to be trained. FSME will identify the students for a course based on SA-600. Applications received after the eight week deadline will not be considered unless there is a cancellation by one of the students identified.

A letter of acceptance will be sent to each Program Director with instructions for completing the travel authorization. The travel authorization will need to be completed 30 days prior to the beginning of the course.

The complete list of all technical training courses can be viewed at <http://nrc-stp.ornl.gov/training.html> as well as all the Agreement State letters of acceptance, training application, course descriptions, the voucher and instructions for processing the voucher. If there is a "TBD" listed beside a course that means no date has been established. As dates for these courses are established, we will post them under the "What's New" area on our home page at the same website as above. Other changes to the course schedule will also be noted on the "What's New" area of the home page.

If you have any questions regarding this correspondence, please contact me or the individual named below.

Enclosures:
As stated

*This information request has been approved by OMB 3150-0029, expiration 08/31/2010. The estimated burden per response to comply with this voluntary collection is approximately 8 hours. Send comments regarding the burden estimate to the Records and FOIA/Privacy Services Branch (T-5F52), U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, or by Internet e-mail to infocollects@nrc.gov, and to the Desk Officer, Office of Information and Regulatory Affairs, NEOB-10202 (3150-0029), Office of Management and Budget, Washington, DC 20503. If a means used to impose an information collection does not display a currently valid OMB control number, the NRC may not conduct or sponsor, and a person is not required to respond to, the information collection.

LIST OF NRC SPONSORED TRAINING COURSE SESSIONS FOR FISCAL YEAR 2010

Course	Title	Dates	Location	Mobile	Max
G-108	Inspection Procedures	4/12-16/2010 9/20-24/2010	Austin, TX Albany, NY	Y	24
G-109	Licensing Procedures	3/22-26/2010 9/13-17/2010	Yorktown, VA Austin, TX	Y	24
G-205	Root Cause Workshop	NC	NC	Y	16
H-111	Environmental Monitoring	5/3-7/2010 6/14-18/2010	Oak Ridge TN Oak Ridge, TN	N	24
H-117	Introductory Health Physics	12/14-18/09 2/22-26/2010 11/15-19/2010	Bethesda MD Bethesda MD Bethesda, MD	Y	24
H-119	Air Sampling	6/7-11/2010	Oak Ridge TN	N	24
H-121	MARSSIM	2/1-5/2010 5/24-28/2010	Bethesda, MD Orlando, FL	Y	24

H-411	RESRAD OFFSITE	5/3-6/2010 9/13-16/2010	Chattanooga, TN Topeka, KS	Y Y	24 13

H-401+	Health Physics for Uranium Recovery (F-104)	7/26-30/2010	Denver, CO	Y	24
S-201	Increased Controls	3/8-12/2010 6/7-11/2010 8/16-20/2010	Albuquerque, NM Albuquerque, NM Albuquerque, NM	N	35

^NOTE – course requires a computer lab with at least 12 computer work stations

*NOTE – host organization has priority for registering students

TBD - To Be Determined –

NC - New contract to be awarded or dates/location not yet established.

+ Available only to Utah, Colorado, Nevada and Texas

Priority _____

APPLICATION FOR TRAINING COURSE/WORKSHOP
(Please Type)

Date: _____

A. To be completed by Applicant

1. Title of Course/Workshop: _____ Dates: _____

2. Name of Applicant: _____

3. U.S. Citizen: Yes _____ No _____

4. E-Mail Address: _____

5. Business Address:

Business Telephone No: _____

Business FAX Telephone No.: _____

6. Applicant's Current Title: _____

Description of current duties: _____

7. List any previous training in health physics.

B. To be completed by the State Radiation Control Program Director

1. Please provide a brief statement indicating why you want this individual to attend this course.

2. Please prioritize the applications if you have more than one being submitted.

Signature of Radiation Control
Program Director

Agency/Management Official
(if applicable; see B.2.)

The completed application should be sent to:

Brenda Usilton
Mail Stop T-8E24
Materials Safety and State Agreements
Office of Federal and State Materials and
Environmental Management Programs
U.S. Nuclear Regulatory Commission
Washington, DC 20555

or FAX to DMSSA/FSME: 301-415-3502
or E-mail to Brenda.Usilton@NRC.GOV
